Dear Colonel Tiemann:

Your letter of 10 March 1958 requesting that I and certain other suitable personnel be assigned to Joint Task Force SEVEN on a stand-by basis as part of an emergency medical team for Operation HARDTACK. I would like to have orders available for all of the following persons:

Dr. Harry Davis Bruner, Chief, Medical Branch, Division of Biology and Medicine, AEC
Dr. Thomas Sharpless Ely, Health Protection Branch, Division of Biology and Medicine, AEC
Dr. Charles Wesley Shilling, Deputy Director, Division of Biology and Medicine, AEC
Dr. Charles Little Dunham, Director, Division of Biology and Medicine, AEC
Dr. George Veach LeRoy, Associate Dean, Division of Biological Sciences, University of Chicago; also a consultant to this Division.

It is understood that not more than two of the above named individuals would actually be asked to participate in the event of a medical emergency.

I appreciate very much your giving us the opportunity to play an active role in this matter.

Sincerely yours,

Charles L. Dunham
